

Meeting Agenda: Waste management in school

Venue: Conference hall (TCV School Selakui)

Date and Time: 23 April 2024 2:30 PM

Participants: All staffs

-School Principal Mr. XYZ explained the importance of waste management

Discussion:

- Mr. John (social science teacher) suggested the use of incinerators for waste management.
- Miss. Jessica (School head nurse) voiced against the suggestion of Mr. John and she explained how the incineration of waste could affect children's health.

Mr. Doe (Art teacher) suggested an idea like recycle, reuse and reduce.

Conclusion:

- Recycle, reuse and reduce

Action:

- To recycle those waste which can be recycled.
- To reuse those waste where we can make it usable
- To encourage students to reduce the use/consumption of items which cannot be recycled or reused.
